PERSONALS

Gordon Freyer of Atoka was here today.

Doc Fielder of Gainesville is here today.

C. B. Ballard of Mannsville was here today.

C. J. Moore of Purcell was a business visitor today.

J. P. Chandle of Sulphur was in the city today on business.

Guy Fay and C. L. Neeley of Durant were in the city today.

R. W. Day of Oklahoma City was in the city today on business.

K. A. Shartel of Oklahoma City was in the city today on business.

President Charles Evans of the Central State Normal at Edmond is in the city today on business.

Mr. and Mrs. W. P. Poland have returned from a visit of sixty days with their daughter, Mrs. Chas. Cook in Corpus Christi, Tex.

Mr. and Mrs. George Ball of Gainesville, Tex., are in the city visiting with their daughter, Mrs. J. F. Gwyn on West Main street.

IMPROVEMENTS BEING MADE AT ROD AND GUN CLUB

W. R. Golt, assistant state engineer, has been making some needed improvements at the Rod and Gun club lake. A substantial road has been built from the gate near the Springer highway to the club house, which eliminates several bad mud holes. A spillway has been constructed to take care of the overflow from the lake. This overflow was threatening the foundations of the building, which made it necessary that something be done to prevent it. Mr. Golt states that he will have a fine driveway from the lake to the club house, when it is completed.

When buying on credit costs more, isn't it folly to continue?

CASH ECHOLS

We Desire to Meat You

We are new in business in Ardmore, but are old in the business of serving the choicest of meats to our customers. Cash.

STREET STORIES

R. F. Garrett, aged 84 years, is reported to be very sick at the Cline home at 818 F street southeast.

The Knights of Pythias will give an informal dance at their hall tonight under the auspices of the Knights of Pythias club.

Ruddle J. Byrd, son of Ed Byrd of Midlothian, Texas, is now in the hotel business. He is manager of the Rock hotel at Madill.

Work on the new vaudeville theater to be erected in the Poland building on West Main street has begun. The work will be rushed and the house opened as soon as possible.

At the Christian church tonight at the regular mid-week service, the new officers will be installed and they will be charged with their duties toward the church for the coming year. A most interesting meeting is being looked forward to and the full church membership is expected in attendance.

The Coca Cola Bottling Works will give a formal public opening of their new plant on South Washington street tomorrow afternoon from 5:30 until 9 o'clock. The plant is modern in every department and the public is cordially invited to be present and make an inspection of the works. The plant will be in operation and people will be given an opportunity of witnessing how a bottling works is conducted.

Superintendent Charles Evans of the central state normal, of Edmond, is in the city and will address the pupils of the high school at chapel exercises tomorrow morning at 8:30. Prof. Evans was once the head of the city schools and resigned to accept his present position. He has always taken a deep interest in the Ardmore high school and will have many interesting things to say to the pupils tomorrow morning.

CUPID'S DART HITS ALL AGES.

A. A. Bulard, 80, and Mrs. Lydia Tyler, 72, Married Monday.

Monday morning, Rev. Dr. Butler of the Broadway Methodist church was called upon to marry a couple, but before proceeding with the ceremony he was sworn not to reveal the fact until Wednesday. The fact was somewhat of an open secret, and an investigation of the marriage record in the court house revealed the fact that a license had been issued to A. A. Bulard of this city and Mrs. Lydia Tyler of Richland Center, Wis.

The groom, who has been in the jewelry business in this city for twenty years, is 80 years of age, and the bride gave her age as 72.

Mr. Bulard met his wife while on a visit to her home town last summer. She came here Monday and they

City Bookkeeper.

GRACE CUNARD, "THEA-TORIUM" THURSDAY

From coast to coast at the present moment a wave of reform is sweeping. The world is growing better and it is a significant fact that in the states where woman suffrage is now granted by law, prohibition in all its forms is gaining ground. Not that teetotalism is a good thing. The Greeks taught moderation in all things, and the Greeks lived the most ideal lives of any of the ancients—or moderns.

Many times political and professional "reformers" have attempted to do away with the vice which originated when man first began to live in communities. As the late Mayor Gaynor often remarked, "the fallen woman has been with us always; I have not the slightest doubt she will continue in our midst until the end of time."

For generations students of sociology have attempted to learn the why and wherefore and to find a remedy, if possible, for the greatest of our social evils. In many cases their efforts have resulted in appreciable good. Cankers on the body politic have been eradicated and the evil results of segregated districts reduced to a minimum. But still the condition remains.

Every community in the world faces the same problem in this respect, hence the general appeal of "Nabbed" a Bison two-reel police and underworld drama which is to be shown at the "Theatatorium" tomorrow (Thursday) with Francis Ford, Grace Cunard and Mina Cunard, Grace's sister, in the leading roles.

"Nabbed" tells of conditions as they exist in many American cities of the first, second and third classes. The subject is perhaps not as pleasant as one as the discussion of the regeneration of the heathen in foreign lands would be to a congregation of well-intentioned church-goers, but the Universal has tackled the problem with characteristic determination and treated it in a fashion which can give offense to no one and which, on the other hand, undoubtedly will result in giving many serious thinkers food for thought. No remedies are suggested, but he who sees "Nabbed" will feel encouraged to think, the battle of reform is half won.

Auto Licenses Due.

All automobile owners in the city are hereby notified that automobile licenses are now due and will be delinquent after May 15.

W. S. FORREST,
City Collector.

POOLVILLE SCHOOL NOTES

(Contributed)

On Friday afternoon Misses Marguerite Dennes and Irma Freeman were choosers in spelling and arithmetic matches for which small prizes were offered as rewards. Miss Lettie Freeman won in the spelling and Roy Mauldin in the arithmetic match.

In matches between the fourth and fifth grades, Master Elmer Hathaway won the honors, and prize for the fifth grade in spelling, and Miss Bertie Buck for the same grade in arithmetic.

A rare treat was given the people of Poolville by Rev. John Penyson in a series of four sermons, beginning on Monday, and ending on Thursday night of last week. In spite of the threatening weather there was a good attendance at each.

Mr. and Mrs. Sam Harris and little son, Bruce, of Ardmore, visited Mrs. Dennes and Mr. and Mrs. Houston Harris last week. Mr. Sam Harris is a Poolville boy, and is a great favorite with young and old. He came in his new car, and staid only a few days.

Dr. G. W. Hathaway received a summons to the bedside of his sister, Mrs. Bessie Huntsie of Hickory, and he left at once for that place. We are glad to report that she is much better, and the doctor has returned. Elmer Hathaway and Wesley Cunningham drove the doctor's buggy to Homer for him.

Miss May Gotcher visited Miss Mattie Lawson for several days last week.

Miss Francis Freeman has closed her school at Roundup and has returned to her home here. The young people are glad to welcome her back. Rev. G. R. Gotcher held services for the Baptists Saturday morning and evening, and Sunday morning and evening. His subjects were, "A Sinner Saved by Grace," "The Work of the Church," and "A Disciple of Christ." They were much appreciated.

Roy Brady was ill for a few days last week, but is better, and he and Mrs. Brady are visiting Ardmore.

N. H. Harris and Chester Harris were visitors to Ardmore last week, where Chester Harris was a contestant in the spelling contest. We are very proud of Chester for while he didn't win, he made a fine showing for so young a boy, and it takes a plucky little fellow to go among strangers, and stand alone, and he says, he will keep on trying, so, jut watch out for his name next year.

In the whole field of medicine there is no a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Price 25c, 50c and \$1.00 per bottle. Sold by Bomar Drug Co.

STAUNTON

Staunton, Okla., May 4.—We are now having some nice weather after so much rain. The nights are cool and the days warm.

The farmers will now get busy as they are getting behind with their work.

Staunton has organized a baseball team and will play some games.

Mr. Yaws has bought a well outfit and is now drilling water wells.

Several of the young people from here went to Wirt Sunday to see the ball game.

A. L. Greer was a Ringling visitor Saturday.

Chagrins Conclave No. 1, I. O. M. A. did not meet last week, as the most of the members had to be away, but all members are requested to be present Saturday night.

Our mail carrier failed to go only two days during the rain, on account of the creeks being up. I don't see why the Oklahoma, New Mexico & Pacific is not carrying the U. S. mail. It should do so, and we could get a new Star Route line from Staunton by way of Healdton to Wilson or from here by Wirt to Ringling. Either line would give us better service. I learn that a petition has been gotten up and sent in for a new post office at the new store northeast of here and east of Buckhorn school house. Fore Brothers are running the store, and doing a good business.

Staunton needs a good store and gin and offers a free site to anyone who will put in a gin here. We also need a telephone exchange.

There is some talk of this well here being drilled deeper, or a new one put down.

We have no preaching here now, but would be glad to have some one preach for us, at least once a month.

Mr. Hunter, the road supervisor has been working the roads north of here.

The health of our community is very good at present.

Lame Back.

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.

3 p. m.—Evangelism—Brad Hays.

4 p. m.—Report from the Churches.

8:30 p. m.—Sermon—Bro. Baxter.

Everybody invited to come.

COMMITTEE.

We Conquered Nature.

"Yes, gentlemen," said the geologist, "the ground we walk on was once under water." "Well," replied the patriotic young man of the party, "it simply goes to show that you can't hold this country down."

Health Promotes Happiness

Without health, genuine joy impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement, and feel much better. Helps your appetite and digestion. Try one tonight.

NOTICE TO THE PUBLIC

Beginning on the 15th of March we will CLEAN AND PRESS LADIES' AND MEN'S SUITS FOR \$1.00.

REMEMBER, this work is done by the best equipped Dry Cleaning Plant in southern Oklahoma.

We have the Steam Pressers, Electric Irons and motor-driven Dry Cleaners, and, last, but not least, Experience. You take no chances, as every job is done under guarantee, and done by people who know how.

JUNE

Is Coming. With it is coming the season of The June Bride. June Brides mean June Weddings.

Now We've Come to the Point

We would like awfully well to have an opportunity to furnish the necessary stationery—announcements, invitations, cards, etc., for the June Brides in the June Weddings.

Oh sure, April or May will do just as well

Call us—phone 5 or 538—and our representative will submit samples and prices.

THE ARDMOREITE
Job Department**Tomorrow is the Day!****Opening Coca-Cola Plant**

We want everybody in Ardmore to come and inspect our bottling plant. We have the most up-to-date machines that can be had, our bottle washing machines thoroughly wash and sterilize every bottle before being filled, in fact, everything is absolutely sanitary in every respect. We are located at 123 S. Washington, and are going to have our opening Thursday, May 6th from 5:30 to 9 p. m. Come and bring the family, we'll have the plant in operation that you may see how our goods are made, plenty of ice-cold Coca-Cola and Soda Water for everybody.

Remember the date, Thursday May 6th, 5:30 to 9 p. m.
